

**MR. GEORGE M. HUFF
DIES SUDDENLY**

Mr. George M. Huff, of Carlisle, but who has been coming to Mt. Sterling for several years in the interest of his piano business, was stricken suddenly ill Thursday afternoon and died Friday morning at 3 o'clock without regaining consciousness. Death was caused from cerebral hemorrhage.

Mr. Huff was 45 years of age and is survived by his wife who was with him when the end came. During his many visits to Mt. Sterling by his jolly disposition and pleasing manner he had made for himself many warm friends who will be grieved to learn of his death and whose hearts will go out in sympathy to his stricken wife.

Funeral services were held at the Methodist church in Carlisle Sunday, of which he was a devout member, with interment in the Carlisle cemetery.

SELLS PROPERTY

Mr. and Mrs. Stockwell Samuels sold last week their cottage on Holt avenue to Mr. John Peggs, of this county, who will get possession April 1. The price paid was \$3,250 cash.

**AGED CITIZEN PASSED
AWAY LAST WEEK**

Mr. John M. Quisenberry, aged 79 years, died of the infirmities of age at his home near Ewington last Wednesday. He was one of the best known men in the county and his friends were many. He was a man of fine character and the news of his death will be learned with regret.

The funeral, with services conducted by Rev. J. S. Wilson, of the Baptist church, took place at the residence Thursday morning with burial in Macpelah cemetery.

Mr. Quisenberry is survived by seven children, Mrs. Wm. Squires, of Missouri; Misses Lottie, Emma and Leora Quisenberry, of this county; A. C. and E. B. Quisenberry, also of this county and Audley Quisenberry, of Missouri, who have the sympathy of countless friends and relatives.

TO MAKE ADDRESS

Mr. Fred Mutchler, of State University, will address the rural teachers at the County High School building March 23rd and 24th, on "Agriculture in Rural Schools." At same time and place he wishes to meet all boys who wish to become members of corn and potato clubs; also all girls who wish to become members of canning and poultry clubs. All rural people should not fail to hear Mr. Mutchler.

**GREENE-GLENN
RATING LAW**

Causing Great Deal of Trouble and Dissatisfaction All Over the State.

The new insurance rating law recently passed by both Houses and signed by Gov. Jas. B. McCreary, is causing a great deal of trouble and anxiety all over the State. It is said that many people who have money loaned on real estate are calling in their loans and that money matters will become very stringent.

A special train of 300 Louisville citizens visited Frankfort Monday hoping to get the Governor to call a special session of the Legislature to repeal the law.

There are few insurance agencies in this city who have any companies left. A. Hoffman & Son, who had twenty-five companies before the law was passed now have only three and are daily expecting to receive messages ordering them to quit writing business. These men have been in the insurance business for nearly half a century and is one of the best known insurance agencies in this section of the State. H. Clay McKee & Sons Co., who have been in the insurance business for many, many years have but one company left. Several other agencies here have but one or two companies each, and some are left without any.

Protests from commercial clubs and business organizations everywhere are being filed at Frankfort.

**R. W. CHAMBERS WEDS
MONTGOMERY GIRL**

Mr. R. W. Chambers of Means, Ky., and Mrs. Sarah J. French, of this county, were united in marriage Monday afternoon at the residence of Mr. Greene Spencer in this county.

Mr. Chambers is a prominent and prosperous business man of his section and is quite popular with a host of friends, while his bride is a popular and talented young woman. The Advocate joins the many friends of this popular couple in extending best wishes for a long and happy married life.

Everybody and his brother will attend the big combination sale, be sure to be present.

**APPOINTED TO HEAR
CONTEST CASES**

Gov. McCreary has assigned Judge William Young to preside over the Estill Circuit Court to try the contest cases in that county over the 1913 election.

Mrs. K. O. Clarke will have her spring millinery opening on next Wednesday and Thursday, March 18 and 19.

ELECTION VOID

Last week the Court of Appeals affirmed the judgment of Magistrates C. G. Thompson and Jno. C. Trimble, as a Contest Board and Circuit Judge Allie W. Young, in the suit of B. C. Horton, etc., appellants, vs. Wm. Botts, etc., appellees, the effect of which is to declare null and void the local option election held in Montgomery county September 30, 1912, which resulted in a victory for the "drys" by a majority of 902.

Counsel for the "wets" contended the petition asking for a submission of the question must be signed by twenty-five per cent. of the voters in every precinct of the county and that no amendments could be subsequently filed. We have not seen the opinion of the Court of Appeals, but are informed the court upheld them on the first point and decided that any amendments filed must lay over until the next regular term of court. Judge Hannah dissented.

**COLLIS CLOSSES
MEETING**

Services at Christian Church Closed By Minister Sunday Evening.

Possibly the most successful revival ever conducted in this city came to a close Sunday night.

Rev. Mark Collis, of Lexington, assisted by Rev. E. A. Osborne, of Rome, Ga., were in charge and the people are loud in their praise of the two gentlemen.

During the meeting 98 joined the church by profession of faith while 87 joined by letter or otherwise, making a total addition to the church of 185.

BIDDERS ON GROUND

As we go to press we learn there are a number of contractors at the office of County Attorney E. W. Senff, considering the plans, specifications, etc., with a view of making bids on the Maysville pike work from Mt. Sterling to Sharpsburg. In Montgomery county the specifications call for resurfacing approximately seven miles with waterbound macadam, while the work in Bath county will consist of grading, draining and surfacing approximately three and one-half miles with waterbound macadam. All work is to be done under supervision of the Government engineers and must be finished by November 1st.

Sealed bids will be received until 2 o'clock this afternoon.

Everybody goes to the rink Thursday night.

**LARGE CROWD
ATTENDS COURT**

1,000 Cattle of Good Quality and High in Price—Mules Were Off.

About 1,000 cattle on the market. The quality was the best we ever saw in March. While trade was a bit slow prices were sky-high. A few bunches were weighed at \$7.75. We saw yearlings sell by the head at \$8.50; heifers at \$7.00 to \$7.25; cows at \$6.00 to \$6.50 with old cows and rough oxen at \$4.50 to \$5.00. A good crowd at the pens with buyers from other states besides Kentucky. A good many cattle changed hands during the day.

SALES

As most of the cattle sold by the head we caught very few sales. J. D. Wooten sold some 1000 lb. cows to Dan Welch at 6 cents; Ray Moss sold 7 800 lb. heifers to Harry Damewood, of Ladoga, Indiana, at 7 cents; Mr. Damewood bought a carload at about this price; Sam Wheeler sold 2 550 lb. heifers to Sam Laythram, of Bath county, at 7 cents; Mr. Laythram also bought some 675 lb. heifers at \$7.25 of Geo. Halsey, and some 700 lb. heifers of Andy Hughes at \$7.25; A. C. Hughes sold 9 1000 lb. rough oxen to L. C. Agee, of Lexington at \$4.60; Sam Wheeler sold 17 about 450 lb. calves to Mr. Jones, of Bourbon county at \$36.50 per head; A. S. Johnson sold 20 850 lb. steers to A. S. Hart at \$7.75; Carl Trimble sold 25 900 lb. steers to Chenault Woodford at \$7.75; Lee & Sousey sold 24 about 900 lb. steers to Lois Thompson at \$7.50.

HORSES & MULES

A great many mules on the market and among them some heavy ones. Prices were off \$5 to \$10 per head. The buyers today were farmers, dealers were not in evidence. Wm. Botts sold a pair of 4 year old mare mules weighing 2600 lbs. for \$575.00; Letcher Hamilton sold one pair at \$460 and another pair at \$425; smaller mules at from \$125 to \$175, according to size. There were several pairs of fine mules of good weight that owners were asking \$500 but were not sold. Two months ago they would have sold readily at that price.

**STROTHER SELLS
SEVERAL NEW FORDS**

Paul Strother, agent for the Ford automobile, has sold for spring delivery the following touring cars. Messrs. Oscar Moss, M. P. Skidmore and Wm. Wyatt. The Ford company is certainly to be congratulated upon having its agency with such a hustler as Strother.

WILL PROBATED MONDAY

The will of Miss Sallie Greene was probated Monday morning by County Judge W. O. Chenault. Her estate is divided among several relatives with a few special bequests to friends and a bequest of \$500.00 to the Baptist church of this city and \$500 to a Baptist school at Oneida, Ky.

BIG ATTENDANCE

The attendance at the Sunday School of the Christian church Sunday morning was a record breaker, there being 533 in attendance. All the Sunday Schools report good crowds.

Millinery Opening.

You are cordially invited to my millinery opening Wednesday and Thursday. Having spent several weeks in the large cities I was enabled to see and select the very latest patterns. A look will convince you.

Miss Alta Evans.

STRICKEN SUDDENLY

Mr. Newton Rankin, a prominent cattle and stock man, of Carlisle, was suddenly stricken with acute indigestion on the streets in this city Monday. Drs. Johnson and Bush worked with him for some time before he was pronounced out of danger.

Six guineas to be turned loose at the rink Thursday night.

ELOPED

Miss Margaret French, the handsome daughter of Col. and Mrs. B. F. French, and Mr. Eli Cornet, Jr., the well-known traveling salesman, surprised their friends and relatives Saturday by eloping to Mt. Sterling, where they were married at the home of the bride's brother, Marion B. French by Rev. T. W. Watts. Their closest friends were not aware of their intentions, although it was known that they were devoted friends. The groom makes headquarters in Winchester, as a traveling salesman for a tobacco firm and is very popular among many friends. Miss French is the only daughter of Col. and Mrs. French, and is a charming young woman. It is not known definitely whether they will reside in Winchester or not.—Winchester Democrat.

Miss French is well known here where she has often visited her brother, Mr. M. B. French, and has many friends who will be interested to learn of the above announcement.

**ENGAGEMENT
OF INTEREST**

One of Mt. Sterling's Most Beautiful Young Women to Marry Tennessean.

Mrs. Mary T. D. Kendall announces the engagement of her daughter, Miss Rebecca Burdette to Mr. S. Macon Cowles, Jr., of Nashville, Tenn. The wedding will occur on Wednesday, April 8th.

Society throughout this section of the state will be interested in this announcement as Miss Kendall is one of our most popular girls and one, who by her charming manner and winning personality, has made herself quite a favorite with a host of friends.

Mr. Cowles, who has visited Mt. Sterling and is known by many of our citizens is an Association Secretary and is a civil engineer by profession. He represents one of Tennessee's most prominent families and is a most worthy young gentleman.

ADDED NEW LINE

I have just added to my business a new line, something never before handled in Mt. Sterling. It is Beaver Board. This board is used in place of lath, plaster and other wall building materials in any type of new or remodeled buildings. The price is right and will be glad to show samples of same and explain its many uses. Am also making some special prices on wall paper. 37-4t. M. R. Hainline.

Lamb, Pork, Beef, Veal, Brains, Liver, Ribs, Sausage and dressed fowls on hand all the time. Sanitary Meat Market.

WOODS TO BE FULL

Present prospects are that candidates will not be lacking in the State-wide primary in August, 1915, since Mr. B. S. Wilson, of the Morehead bar, has announced his candidacy for Commonwealth's Attorney, in this, the Twenty-first Judicial District, composed of the counties of Montgomery, Bath, Menefee and Rowan, while Mr. W. C. Hamilton, of the local bar, also has the same subject under consideration.

It is likewise thought that Commonwealth's Attorney, W. B. White, will seek a promotion to the position of Circuit Judge and that the present incumbent, Judge Will A. Young will ask an endorsement. Judge B. F. Day and Hon. C. W. Nesbitt, of this city, and Judge C. W. Goodpaster and Judge Jno. A. Daugherty, of Owingsville, are also frequently mentioned as possible starters.

Time, however, works wonders and many changes may take place before the primary which is yet a long time off.

Come and Enjoy the Fun

Can you catch a guinea? If you think you can come to the rink Thursday night as six will be turned loose on the floor of the rink and any person catching them may have same or will be paid their selling price in cash. The pig race was considerable fun but this will be more, so don't fail to come and enjoy yourself. Children are requested not to skate on this night.

Everybody is going to the big combination sale, are you?

**NEW PICTURE SHOW
NAMED MAXINE ELLIOTT**

The new picture show has been named Maxine Elliott. Manager Wilkerson selected this name from a great many that had been submitted and awarded the prize of \$10.00 worth of tickets to Mrs. James H. Stamper.

**TOBACCO MARKET
CLOSED FOR YEAR**

Both the Farmers and Burley tobacco warehouses have been closed for the year and the gentlemen in charge of them are very well satisfied with the showing made this season.

The Farmers house sold 6,002,160 pounds for \$716,985.23, which averages a fraction under 12 cents per pound. The Burley house, which is a small one, sold 661,200 pounds for \$71,565.45, an average of nearly 11 cents per pound.

With the new loose leaf house that is to be erected by Kirkpatrick & Clay next year, Mt. Sterling will rank close to the top among the tobacco markets of the State.

The Latest.

The best selection of pattern hats to be seen in the city can be found at my millinery store. You are invited to inspect them. Miss Alta Evans.

Hoffman—Insurance

Established in 1847—nearly three quarters of a century ago—having furnished the citizens of this and adjoining counties with the VERY BEST of Insurance protection during all of that time—we now find ourselves in the control of Politics, laws being passed at this session of the Legislature which are so drastic that the companies we have had the honor to represent can no longer remain in the State and have, for the time being at least, (or until conditions can be changed so that they can operate,) have ceased business. If conditions are not changed we deplore the outcome; not only for the harm it will do OUR business, which we have always endeavored to conduct in the most honest and businesslike manner, but the outcome to many of our friends and old customers, who, in event of a fire, without insurance, would be even worse off than we, ourselves, is something to cause us considerable worry and concern.

We shall continue to conduct ourselves in a manner befitting the position in which we have been placed in this community. We shall not engage in a political warfare, our business being INSURANCE

PRISON LABOR IN CANADA

A prison report recently issued in Canada shows that every man sentenced to hard labor costs the country a dollar a day more than he earns. The reason for this, according to the report, is that "the labor required of the prisoner is not made the most of on productive account."

By way of making a better fiscal showing in the employment of the convicts the report suggests that instead of stone breaking and other low-return occupations that are permitted in the penitentiaries, the labor of prisoners should be applied to the making of articles used in the Government services, such as mail bags, boots, caps, uniforms, saddles, pails, brooms, tinware, wire fencing, rural mail boxes, desks, cabinets and freight cars.

At one of the Canadian prison farms the prisoners have been employed in making concrete blocks for Government buildings and public works. They also have engaged successfully in the manufacture of drainage materials. A large portion of an asylum recently built was the work of the convicts on this same prison farm. The Toronto Mail and Empire sees in these and other branches of labor an opportunity to use the convicts profitably in work for the Government and possibly in other lines where there would not be too great conflict with free labor. The ratio of prison production at present to industrial production is 50 cents as compared with \$100 and the Mail and Empire thinks a small increase of prison production would not hurt Canadian workingmen. "The time is coming," that paper says, "though it may not be now upon us, when the prisons, instead of housing idle or unproductively employed men, will themselves be important industrial and training institutions."

Canada does not seem to be considering the question of using prison labor on roads. The convicts come less in competition with free labor, perhaps, in road building than in anything else for the reason that most of the roads they construct would not be built at all, owing to the cost being prohibitive under the free labor system.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, F. J. CHENEY, & CO., Toledo, Ohio. Sold by Druggists. Take Hall's Family Pills for constipation.

WITHIN A QUARTER OF AN INCH OF DEATH

Few men even on the field of battle, have experienced moments of greater danger than came to Lyman H. Howe's photographer recently while cinematographing the Grand Canyon of Arizona. While splendid views may be photographed there from many different locations, nevertheless it is usually the points that are considered inaccessible that offer the most commanding views. And it was the overpowering desire to photograph a scene from a position in mid-air, which had never been attempted, that brought Howe's photographer within an inch of death. To be exact, it was within a quarter of an inch. A quarter inch rope was all that held him suspended over a chasm one mile deep. Moreover, the rope was caught in the pulley and was gradually "sawing" through. One of the guides had lowered him over a cliff and left him dangling in mid-air until the moment when the swinging movement to and from over the chasm died down enough to enable the daring photographer to take a steady picture. While thus suspended the rope became twisted and "jammed" in the pulley so that he could not be drawn up again. Meanwhile the rope was momentarily weakening and creaking from the excessive strain. In this precarious position, seconds seemed like years to the camera man, who had boldly defied death in his ambition to photograph from such a startling viewpoint.

Providentially, the rope was finally untangled by the photographer himself who revolved on its end, and then the guide by heroic efforts succeeding in pulling up the now half-conscious camera man to terra firma after an experience so thrilling that he insists he will confine his activities in the future to the safer way of photographing—from a firm footing.

He was rewarded for his perilous adventure by scenes of supreme interest which are included in the production at Lyman H. Howe's Travel Festival which comes to the Tabb Opera House tonight, March 18th.

MANY YEARS AGO

We find the following among some clippings which we made before we embarked in the newspaper business in Sharpsburg. We failed to date it when we clipped it, but it is from the Paris Kentuckian-Citizen, when the late Col. Craddock was its editor. Both gentlemen referred to are still living, one a resident of this town and the other of Mt. Sterling, and so we republish it, as it will be interesting to the many friends of these two good citizens:

"Is this Mr. Andy English, of Sharpsburg?" the Kentuckian-Citizen asked at the depot.

"No, it's his twin brother, John English. The close resemblance saved me from execution when captured as a so-called bushwhacker in Missouri during the late war. They had me led out to be shot, when I earnestly protested I was Andy English, well known as a regular soldier under Sterling Price, and not John English, the bushwhacker. One of their number who had known Andy, but not myself, admitted I was telling the truth, and my life was spared. I was never accused before or since of lying or showing the white feather, but a military necessity will be my excuse at Judgment Day."

John English has made such a good citizen since the war, that those who wanted to execute him could be glad he was saved.

EXPERIENCE

Experience is never limited, and it is never complete. It is an immense sensibility, a kind of huge spider web of the finest silken threads suspended in the chamber of consciousness and catching every air borne particle in its tissue. THE American Adding Machine

THE LATEST ADDER
Costs But \$35.00

See our exhibit—ask for
10 days' trial

Here is a new price on a competent Adder. On a machine that is rapid, full-size and infallible.

The very latest machine, built by men who know, in one of the largest metal-working shops.

It is an individual Adder, to be placed on one's desk, close to one's books and papers. To take the place of the central machine requiring skilled operators.

It is also intended for offices and stores where costly machines are a luxury.

The price is due to utter simplicity, and to our enormous output. Seven keys do all the work.

Each copied number is shown up for checking before the addition is made.

The machine will add, subtract and multiply. With very slight practice anyone can compute a hundred figures a minute. And the machine never makes mistakes.

Countless offices, large and small, are getting from these machines the highest class of service.

NEW LIQUOR LAW

So many citizens have made inquiries at this office concerning the provisions of the new Liquor Law, known as the Frost bill and which has passed both Houses of the Legislature and has been signed by the Governor that we have concluded to reproduce the same in full, which is as follows:

That section 2554 be repealed and in lieu thereof the following be enacted as a substitute therefor:

Section 2554. Upon application, by written petition, signed by a number of legal voters in any county, city, town, district or precinct to be affected, equal to twenty-five per cent. of the votes cast therein at the last preceding general election, it shall be the duty of the Judge of the County Court in such county, at the next regular term thereof after receiving said petition, to make an order on his order book directing an election to be held in such county, city, town, district or precinct to be affected thereby, on some day named in said petition no earlier than sixty days after said application is lodged with the judge of said court, which order shall direct the sheriff, or other officer of said county, who may be appointed to hold said election, to open a poll at each and all voting places in such county, city, town, district or precinct on said date, for the purpose of taking the sense of the legal voters of such county, city, town, district or precinct, who are qualified to vote at elections for county officers, upon the proposition whether or not spirituous, vinous or malt liquors, shall be sold, bartered or loaned therein, or whether or not any prohibition law in any county, city, town, district or precinct, by virtue of any general or specified act or acts, shall become imperative; and counties, cities, towns, districts and precincts in which the sale, barter or loan of spirituous, vinous or malt liquors, are now prohibited may have a vote thereon, under the provisions of this act.

That section 2557 be repealed and in lieu thereof the following be enacted as a substitute therefor:

Section 2557. Whenever a local option election shall be held in any county, city, town, district or precinct in this State and a majority of the votes cast at said election shall be in favor of prohibiting the sale of liquor in the territory in which the election shall have been held, the law prohibiting said sale shall be in full force and affect at the expiration of sixty days from the date of the entry of the certificate of the canvassing board in the order book of the county court and after the expiration of said sixty days no license therefore issued in said territory under the laws of this State, shall be of any force or affect whatever, but the owners of said license shall be entitled to recover from the said county, city, town, district or precinct to which the license money was paid, such proportional part thereof as the unexpired period of license bears to the whole of the year; and any person who shall after sixty days sell, barter or loan, directly or indirectly, any such liquors in said county, city, town, district or precinct, shall upon conviction be fined not less than \$60 nor more than \$100 and be confined in the county jail for not less than twenty nor more than forty days for each offense and any person who knowingly furnishes or rents a house, room, wagon or any conveyance or thing in which spirituous, vinous or malt liquors are sold, bartered or loaned, in violation of this act shall upon conviction thereof be fined not less than \$60 nor more than \$100 and the house, wagon, vehicle or other thing in which the liquors were sold, bartered or loaned

shall be liable for all fines adjudged against the person selling, bartering or loaning the same. In the event that a majority of the votes cast at said election shall be in favor of the sale of liquors then no license shall be granted to any person, firm or corporation to sell such liquors in said territory until after the expiration of the aforesaid sixty days if the issuing of the liquor license was in that territory prohibited by law prior to the holding of said election.

All laws and parts of laws in conflict herewith are hereby repealed.

CIVILIZATION STRIPS FOR FIGHT AGAINST PLAGUES

"The Outlook" Numbers Alcohol Among the Enemies of Society.

"Civilization has stripped for a life-and-death struggle with tuberculosis, alcohol and other plagues," says THE OUTLOOK in its issue of Feb. 6th.

Business has tackled the drink question with a strictly business grip. Business is awake to the truth that the man who drinks is lessening his brain power and lowering the standard of his efficiency. Iron clad rules against drink are now laid down everywhere on economic grounds alone.

The greatest investment any drinking man can make is to take the Neal Treatment. It will quickly change craving desire for liquor into dislike for everything alcoholic. Three days at the Cincinnati Neal Institute means added health, happiness, length

of days and earning capacity—all of which are only part of the fearful toll paid by every one in the relentless grip of the drink habit.

The world is getting wise to the economic havoc played by alcohol. During the past month, at the rate of over one a day, drinkers have gone to the Neal Institute and come out teetotalers with no more desire than for red ink.

It will pay any drinker to investigate. Spend three days in the privacy of the Capt. C. M. Holloway homestead, now the Neal Institute. They will prove three days that will yield greater dividends for investment of so little time—dividends in the shape of happiness, restored to home, self and friends.

For literature write or phone to The Neal Institute, 601 Maple Ave., Cincinnati, O.

The One
Indispensable
Man Says—

Not Acreage But Production Is the True Measure of Profit

Therefore, all farmers and dairymen must employ improved methods of cultivation, better and quicker ways to prepare and transport their products, in order to obtain the fullest measure of profit from a given acreage.

To increase the output and economize labor, Electric Power should be used wherever possible.

Electric Power is an economic necessity on small as well as large farms. Every kind of farm work is being rapidly and profitably performed by G-E Motors.

Why not profit by the experience of hundreds of successful farmers who are using our silent, safe, clean and economical Electric Power?

Make an appointment with our Power Man by phone, postal or letter. We can solve your "Profit Problem" simply, practically and inexpensively.

Not New to Us.

Former Circuit Judge Allie W. Young, of Morehead, now chief counsel for one of the largest coal corporations operating in Kentucky, was one of the Democratic leaders who attended the unveiling of the William Goebel monument at Frankfort last Wednesday. "I am not just now on good terms with that man," remarked another strong Democrat as Judge Young passed his view, "but I want you to know, that in a short while he is going to be the most powerful politician that the mountains of Kentucky have ever known. He is astute and he is fearless. He knows the political game from A to Z, and he has a pleasant, forceful way of getting men to enlist under his banner. Those big coal companies have brought thousands of men into eastern Kentucky, and they will bring thousands more during the next few years, and you may rest assured that 90 per cent. of them will be Allie Young's friends, and that he will know for whom they will vote. John C. Mayo and Rufus Vansant are strong men in the Democracy of the mountains, but Allie Young is going to be politically stronger than either of them."—Cincinnati Enquirer.

Our Rooster.

One of our most estimable readers, whose only fault, from our point of view, is his fondness for the G. O. P., strenuously objects to the presence of the old Democratic Rooster which has appeared so long at the head of this column. Upon reflection, we are constrained to believe there is no necessity for his presence, except during campaigns and out of deference for those who differ with us, we have concluded to give the Advocate Rooster a rest.

If the statue of "the martyred Goebel" could speak, wonder what it would have to say to and of the politicians who have been trading on their professed loyalty to Goebel's memory to build up political machines with the single object of personal preferment? As we recall it, Goebel's platform was "loyalty to the common people."

—Louisville Times.

Our friend, Ollie M. James has not yet broken his silence, so we do not know whether the assertion that every federal appointee must support in the coming primary, one certain candidate to succeed Mr. Bradley, is true or not.

Some of the recent tributes to the martyred Goebel, were evidently written to verify the old adage of "better late than never."

Let everybody join in giving three cheers! The Legislature has adjourned.

BECKHAM OPENS HIS CAMPAIGN

Ex-Governor J. C. W. Beckham began his campaign for the Democratic nomination for U. S. Senator Monday at Elizabethtown. He was introduced by Mr. H. A. Sommers, one of the best known newspaper men in the state. The courthouse was crowded and over six hundred could not get in. A report said: "His reception was extremely cordial and every time he referred to the record of Congressman Stanley as a 'frustrator' and servant of the Kentucky trusts he was enthusiastically cheered."

More Economical Both in Use and Cost CALUMET BAKING POWDER

—And it does better work. Simply follow your customary method of preparation—add a little less of Calumet than when using ordinary baking powder. Then watch the result. Light, fluffy, and evenly raised—the baking comes from the oven more tempting, tastier, more wholesome.

Calumet insures the baking of an expert. Ask your grocer today.

You don't save money when you buy cheap or big-size baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to any other brand.

COMMENDS PLAY

Manager Wilkerson, of the Tabb Opera House, is in receipt of two strong letters, one from Henderson and the other from Frankfort, recommending Prince of Tonight as a great play. Following are the two letters:

"N. A. Wilkerson, Mgr. Tabb Opera House, Friend 'Rody'—

Don't be afraid to boost the PRINCE OF TONIGHT to the limit. I played the attraction last night and gave entire satisfaction. They have a real production with a real star company.

Knowing the value of a manager's report in advance to you and that we all want to give real shows big business I hope this will help you to do capacity.

With best wishes, I am Very truly,

Geo. Harris, Jr., Mgr. Capitol Theatre, Frankfort, Ky.

"Manager Tabb Opera House," Mt. Sterling, Ky.,

Dear sir:

In looking over the route card of the Prince of Tonight Co., I see they play your city. We played them two years ago and they gave good satisfaction, again last Wednesday my audience was more than pleased and was highly complimented as the show being so much better than the season before.

I make it a point after each performance to stand in my lobby to ask different ones their opinion of the attraction played. I never had one but spoke in the highest praise of the Prince of Tonight.

I think you would be like myself if you were personally assured from a disinterested party that a show was good you would put more life in boosting it up to your patrons. I will say that you cannot praise this attraction too high.

Yours truly, John Dee Collins, Mgr. Park Theatre, Henderson, Ky.

LEXINGTON TO ASK FOR 11 DAYS OF RACING

At a conference between Col. Mat Winn, general manager of the New Louisville Jockey Club, and O. H. Chenault and G. D. Wilson, members of the executive committee of the Kentucky Association, tentative racing dates were acted upon for Kentucky this spring. Lexington was said, at first desired a thirteen-days meeting but after the conference it was announced that that association would apply only for eleven days so as to allow Churchill Downs to open for a twelve-day meeting on May 9, leaving a day between the closing at Lexington and the opening of Churchill Downs and throwing Derby Day on Saturday, May 9.

It was understood that the dates to be applied for by the four Kentucky racing associations when the State Racing Commission meets Friday, will be: Lexington, April 25, eleven days; Churchill Downs, May 9, twelve days; Douglas Park, May 23, thirteen days; Latonia, June 8, twenty-four days. This will make the racing at Latonia close on July 4.

The State Racing Commission at its meeting next Friday will allot dates for spring racing and transact other routine business.

Temptation is a fearful word. It indicates the beginning of a possible series of infinite evils. It is the ringing of an alarm bell whose melancholy sounds may reverberate through eternity. Like the sudden sharp cry of "Fire" under our windows by night, it should rouse us to instantaneous action and brace every muscle to its highest tension.—Horace Mann.

HIGH SCHOOL NOTES

(By Courtney Horton)

At a meeting of the City and County school committees, the inter-school debate was arranged to take place in the City school chapel some time during the 3rd week of April. The City school is to select the subject and the County school to get choice of the sides. An admission of ten cents will be charged and the winner will get the benefit of the proceeds.

The City school has submitted the following question: Resolved, That the President of the United States should be elected for a term of six years and be ineligible for re-election.

Miss Alice Cassity, one of our schools most popular instructors spent the week end in Lexington.

The County teachers in charge of Mr. M. F. Orear were visitors at our school last Tuesday morning.

After many days of anxious waiting fourteen High School pupils in charge of their honored Professor, W. C. Jetton, boarded the 7:12 train Friday morning and went to Frankfort to spend the day. Most of the day was spent in going through the penitentiary, the old and new capitals and seeing the lawmakers (if such it may be called) in session. One thing remarkable about the trip through the penitentiary was that the entire crowd succeeded in getting out all right. After being inside the grounds for about an hour one member of the crowd became fatigued and inquired for the electric chair saying they wished to get some relief. The guard informed them that the chair was at Eddyville, but that if they would go there he was of the opinion that it would relieve them. In the afternoon the crowd proceeded to the new capital where they saw Kentucky's so-called legislature in session. Anyone should consider himself fortunate in seeing this body of lawmakers together, as it is only about once in a century that such a bunch is gotten together. While one member of the Senate was reading a bill, others were smoking, reading newspapers and making all the noise possible and to top off the situation the acting President left the chair to talk to some one. Parliamentary laws were no more in use than feather beds in Hades. It looked as though the only available means of keeping order would be to station strong men in every part of the house and provide them with maules with power to act or to recall some of the troops from the Mexican border, anyhow during the course of the day the students had the opportunity of comparing "Lawmakers" with "Lawbreakers" and they returned home firmly convinced that if there is any difference the "Lawbreakers" have the edge.

Enroute home from Frankfort Prof. Jetton and Kelly stopped off in Lexington on "business." We are not going to inquire as to what kind of business it was but it is currently reported that both were attracted by members of the fair sex.

MAN AND HIS BEAST

A man who died recently in Massachusetts left \$750 in his will for the care of his dog, stipulating that the animal is to spend the remaining days of its life in a house in which there are no children. The dog was left in the care of the decedent's housekeeper to whom there was a separate bequest of \$1,200.

This would seem to guarantee a peaceful old age for "the faithful animal" which presumably, like its master, has passed the meridian of life. Most dogs are short lived, so far as years go. Most of them, too, are fond of children in their younger days, but dignity comes with age and old dogs neither learn new tricks nor care to practice those with which they were familiar when young. Hardened arteries, stiffened limbs and impaired hearing and vision are not consistent with the gambols of puppyhood.

An old dog craves a quiet spot wherein he may sleep undisturbed and hunt in dreams. Denied this he is irritable and unhappy,

much after the manner of an old man who finds things not exactly to his liking. It is the privilege of the old man to live in the past when there is not much to live for in the present, but one may not know to what extent the old dog with his limited intelligence and his weakened powers is capable of recollection and retrospection. "A dog's life" is a synonym, for sordid living and is peculiarly applicable to dogs that have outlived their usefulness. Too often they receive scant consideration.

"A merciful man is merciful to his beast." A humane man may be depended upon to accord kind treatment to the horse or the dog which serves him faithfully for the small return of board and lodging. But the promptings of humanity are fitful and transitory in this record and they do not often impel any serious reflection on, or provision for, the inevitable time when "one shall be taken and the other left." Gratitude, of the genuine sort, is a somewhat rare virtue at best. As expressed in last wills and

testaments it sometimes is pleasing in its ebullitions, but is quite as apt to be surprising, shocking or disappointing. As a rule it takes no account of the needs and the exigencies of the dumb servants and not infrequently it is obtusely inconsiderate of those who can speak for themselves and do not hesitate to do so.

The Massachusetts citizen is to be commended for his thoughtfulness. To be sure he is beyond the reach of commendation or condemnation, but he has set a good example and doubtless his own last days were more comfortable by reason of the fact that he made provision for the combat of his bereft and decrepit dog. For, verily, the dog that has had his day and done his duty is entitled to "a peaceful hour in which to die."

PAYS TO RAISE HOGS

Frankfort Journal: A sale of hogs by a well known firm of breeders in Woodford county recently resulted in the disposition of seventy-one head at an average of \$129.75 per hog. Of course these are fancy hogs and some of the sows sold as high as \$500 a piece, but the sale shows the possibilities in the hog line. The firm which conducted this sale is widely known in the breeding world and is said to have sold hogs in nearly every State in the Union. It certainly does pay to raise a fine quality of product whether one is engaged in raising livestock or growing those staples of the soil which are so requisite to human life.

An empty head, like an empty wagon, rattles much more than a full one and in each case the tongue just pilots the rattle.

WINTER'S CHILLS BREED KIDNEY ILLS

Chilly, damp, changing weather is hard on the kidneys. Even more irritating are colds, grip, pneumonia, tonsillitis, quinsy and other infections. The kidneys get congested and inflamed, and this causes backache and disordered kidney action. Though serious in its latter stages, kidney disease is not hard to conquer if a good kidney remedy is used when the first signs of kidney trouble are noticed.

The best recommended kidney remedy in the world is Doan's Kidney Pills. You hear it everywhere. Get a box.

MT. STERLING PEOPLE TESTIFY

"Every Picture
Tells a Story"

SPRING IS BREAKING; BACKS ARE ACHING

Backache is often the first sign of some form of kidney disease that has been coming on for months. Look for the other signs;—lame back, sharp pains when stooping or lifting, dizzy spells, nervousness or despondency, with irregular, painful or distressing action of the kidneys; if these signs exist, decide that the kidneys need attention, ere the trouble turns to gravel, dropsy or Bright's disease.

Read this home testimony and then give Doan's Kidney Pills a trial.

MT. STERLING CASES SELF-TOLD

Richmond Street

Mrs. J. P. Nelson, 43 Richmond St., Mt. Sterling, says: "I still think highly of Doan's Kidney Pills and gladly confirm all I said in their praise before. They have been of great benefit to me and if I had not used them, I would be in bad shape to-day. I suffered from kidney trouble. My back pained me, I felt tired and worn-out and I had nervous headaches. Doan's Kidney Pills changed all this and after taking them, I felt like a different woman."

Holt Avenue

S. T. Geene, 62 Holt Ave., Mt. Sterling, says: "I had a great deal of trouble from my kidneys. The kidney action was too frequent, especially at night, but the flow of the secretions was scanty. The secretions also contained sediment. My back ached and I had pains through my sides. Seeing Doan's Kidney Pills advertised, I got a supply at Duerson's Drug Store and used them. They brought the best results."

Jamison Street

Mrs. N. Trimble, 17 Jamison St., Mt. Sterling, says: "The worst trouble I had was with my kidneys. Their action was irregular and the kidney secretions were unnatural. I was subject to severe pains in my loins and often I had nervous spells. I slept poorly and in the morning felt all tired out. Finally, I began using Doan's Kidney Pills, procured at Duerson's Drug Store, and soon I felt better. I continued taking them until I was well."

Hamilton Avenue

Charles Neal, 12 Hamilton Ave., Mt. Sterling, says: "All I have previously said in praise to Doan's Kidney Pills still holds good. They have brought me so much good that I can recommend them strongly. Another of my family had a severe pain across the back. Different medicines were tried but nothing did any good until I read of Doan's Kidney Pills and got a box at Duerson's Drug Store. They brought relief."

Strothers Street.

Mrs. Mary Henson, 21 Strothers St., Mt. Sterling, says: "My health was very poor and the doctor said I had diabetes. I doctored but in vain. My whole system was affected and I was almost helpless. I had nervous spells, headaches and my sight was poor. I often became dizzy and had to catch hold of something for support. For several months my body was so badly swollen that I could not bend. I finally read of Doan's Kidney Pills and deciding to try them, I got a box at Duerson's Drug Store. The relief they brought me was almost instant and I continued using them until I was well."

Montgomery Street

John Forman, 8 Montgomery St., Mt. Sterling, says: "I have been a hard worker all my life and never once considered that to over-do would some day bring on kidney trouble. When I had some lifting or heavy work to do, I just went about it and did it. In that way, I wrenched my back. I was laid up for several days at the time and began looking around for a cure. I did not find anything that would help me until I got Doan's Kidney Pills at Duerson's Drug Store. They soon made me feel well and strong and I was free from kidney trouble. I am glad to confirm what I said about Doan's Kidney Pills before."

FRECKLE-FACE

Now Is The Time To Get Rid Of These Ugly Spots

Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face?

Simply get an ounce of othine, double strength, form W. S. Lloyd and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds in February and March have a strong tendency to bring out freckles, and as a result more othine is sold in these months. Be sure to ask for the double strength othine, as this is sold under guarantee or money back if it fails to remove the freckles.

Col. Goethals may have to stiffen his back a little to carry all the medals that are being heaped upon him. The more the merrier, say we, in a soft whisper through our equally soft hat.

FOR DELICATE CHILDREN

A Mother's Letter to Mothers.

Mrs. E. W. Cooper of Bloomfield, N. J., says: "My child, seven years old, had a bad cold and was weak and quite run down in health. She had been in this condition for about six weeks when I began giving her Vinol. It was a wonderful help to the child, breaking up her cold quickly and building up her strength beside. I have also found Vinol a most excellent tonic for keeping up the children's strength during a siege of whooping cough."

Vinol is a wonderful combination of two world-famed tonics—the medicinal body building elements of cod liver oil and iron for the blood, therefore it is a perfectly safe medicine for children, because it is not a patent medicine, everything in it is printed on every package, so mothers may know what they are giving their little ones.

Therefore we ask every mother of a weak, sickly or ailing child in this vicinity to try Vinol on our guarantee.

FOOL KILLER NEEDED

Representative Barrall, of Bullitt county, offered a new bill in the House last week providing for a tax on bachelors and old maids and rewarding marriage. The bill provides that every unmarried man over twenty-six years, four months, one week, seventeen hours and twenty minutes shall be considered a bachelor, and every unmarried woman over twenty-five years, eleven months, twenty-nine days, twenty-three hours, fifty-nine minutes and fifty-eight seconds shall be considered an old maid. A tax of from \$5 to \$25 on bachelors and 10 cents per year on old maids, is provided, but her own word shall be sole proof as to her age.

No fee is permissible for the county clerk in licensing bachelors and old maids to marry, and the officiating minister or magistrate is to be paid by the fiscal court. A fine discretionary with the court is permitted for any bachelor sneering at or abusing the mother of the old maid he marries.

WORK DONE BY CITY MISSION SOCIETY

At the last meeting of the City Mission Society held last Thursday evening at the Christian church, the following report of the work done from September to March by the Society's representative, Miss Laura McCoy, was read: Total number of calls made, 810; canvassing, 210; parish, 324; sick, 97; business, 102; received, 77; number of letters and postals written, 53; number of pieces of literature distributed, papers and tracts, 183; magazines and books, 64; bibles and testaments, 12; number of persons given material relief, 62; garments, 367; articles of bedding, 8; groceries, 17; orders of coal, 12; miscellaneous articles, 56; money, \$65.20; number of bouquets and fruit distributed, 17; number of persons for whom situations were secured, 1; number of persons brought into church service, 15; number brought into Sunday School or Junior League, 20; number enrolled in cradle roll, 14; aggregate number taught in Sunday School, 74; total number of meetings conducted or addressed, 10; number of business and committee meetings, 15; number of children placed in homes, 1; number of persons helped in rescue work, 3; number of hours spent in court room, 33; number of persons helped by Traveler's Aid, 2; number of hours spent in nursing, 20; number of persons nursed in their homes, 2; number of hours spent in study, 154; in sewing room, 20; number of days unable for work, 22; number of days temporarily absent, 2. In addition to the active work of the deaconess, the City Mission Society has had Dr. Stucky here for two splendid lectures, and is conducting a campaign against vice in this city and for decent living conditions. The society meets monthly and is usually addressed on some interesting topic by a member. The society is organized for social, charitable and philanthropic purposes and its membership is made up of men and women from the representative business, educational, club, and church activities of the town. At the last meeting Miss McCoy resigned her position, saying that the work has increased beyond the territory of Deaconess work, and the society is now considering the employment of a trained worker to continue the plans which Miss McCoy has so well managed up to this time.

THIS NEW KIND OF

Motorcycle

CAN BE USED ALL WINTER

If you buy a Two-Speed Yale Motorcycle you can ride it all through the winter as well as during the months of good weather, for there is a machine of such great ability that it will do work that was impossible with the older types. With the tremendous reserve power of the Two-Speed Yale you can plow through the deep snowdrifts without trouble. The low center of gravity and perfect balance make it easy to handle on bad roads, and the big three-inch (automobile size) studded tires grip the snowy or ice covered road surfaces firmly and make control safe and sure. True, the old kind of motorcycles couldn't do this—most riders stored their machines till springtime—but the new Two-Speed Yale is a machine for use all the year round, under all conditions.

SOME STEPS

Dancing experts say there are sixty-five different tango steps. Judging from the terpsichorean revels we have seen at the cabarets and elsewhere this is not an exaggeration, but we feel inclined to join with the Hartford Herald in the following sentiment: "The step that tangoes around the kitchen stove at mornings and gets up the balance of the grub while the biscuits don't burn hasn't yet been introduced into polite society."

"THE CAR WITH A CONSCIENCE"

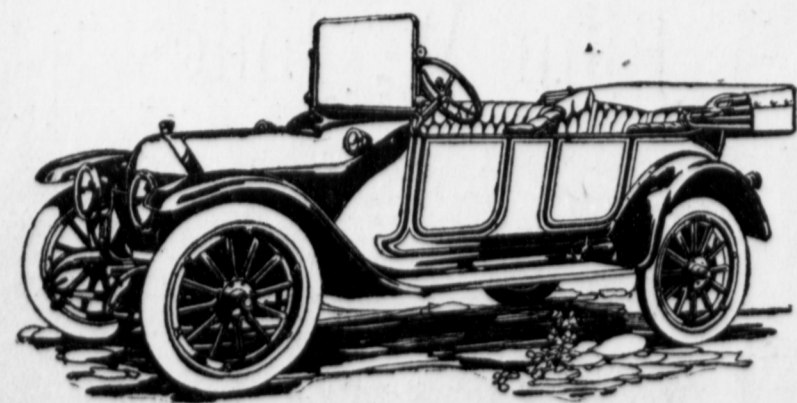

Quietness in an Automobile

QUIETNESS in an automobile is much to be desired, for it not only adds to the pleasure of motoring but lengthens the life of the car. A noisy car is a nuisance and should not be tolerated. The building of a quiet car, one that will stay quiet, requires special attention to gear material. If the gears are noiseless, you are bound to have a quiet car. Gears do all the work.

Oakland motors are especially noted for their quietness. This has been commented on by every one who has made the comparison. So still are they that many stories have been told of owners who, on preparing to start the motor found it running.
